2021 EZ ORDER PROGRAM

EZ ORDER CELL PROGRAM

Ordering from Silverleaf is always easier using our EZ ORDER format. By simply entering a single line item, ie: EZ-2 or EZ ORDER LAVENDER, you will receive 6 varieties of 17 cells each of the most popular varieties of lavender (or whichever EZ Order item you choose) at a single discounted price. This price includes both plants & plant tags. There are 2 ways to place these orders, save money and get the best varieties of each species of plant material on the market. Order by Nov.20, 2020 (EOD cutoff date) and be sure to receive the EZ Orders that you want. After the November cutoff date you can still order, but order confirmation will be dependent on our projected speculative production. **NO SUBSTITUTIONS ALLOWED!**

NOTES & INFORMATION FOR THE 2020-2021 SEASON

CULTURE

Silverleaf Greenhouses uses growing methods necessary to keep us environmentally friendly in all our production methods. Our beneficial insect program is now entering its 14th year. This program utilizes a combination of beneficial insects, nematodes, biological fungicides and insecticides. Any chemicals used are compatible with these predatory insects, the growing of herbs and are completely safe for the environment.

Though our growing methods are similar to those who grow organically, our decision not to become organic provides us with a spectrum of growing options that enables us to respond quickly and decisively should disease or pest issues arise.

We strongly believe that it is what we do that brings us in tune with nature and our environment, not a label attached to it. Silverleaf Greenhouses is committed to contributing in a responsible manner with respect for the planet and all who inhabit it, while providing quality plant material to our customers.

EARLY ORDER DISCOUNT (EOD)

Silverleaf Greenhouses offers a 3% EARLY ORDER DISCOUNT on orders placed before Friday November 20, 2020, for orders shipping between weeks 1 (Jan.4) and 25 (June 21) of 2021. Discount applies to plant material only and must total \$300.00 for the plant material to qualify. At Silverleaf Greenhouses' discretion, EXCESSIVE changes made after the EOD cut off date could result in disqualification of the entire discount on the order. Additions made after November 20th would not qualify for the EOD, but the EOD would remain for the other plant material.

GENERAL ORDERING INFORMATION

If a Phytosanitary Certificate is required for the state that we are shipping to, there is a \$40.00 fee for the inspection certificate. This fee is more for international shipments.

All cell material is grown in a 51 strip tray (102 tray split in 2) with the customer being billed for 50 plants. Please place orders in increments of 50 plants per variety. All cell material is grown in Fertiss plug trays.

The 17 Cell Option - We offer our herb cells in smaller quantities (plug size is the same) to accommodate both smaller customers and to give larger customers a chance to try varieties that they would not otherwise have the opportunity to trial. For an additional charge (see price pages) customers can order cells in increments of 17 plants per variety (you are billed for all 17 plants). Three rows of 17 plants equals one 51 strip. Minimum order is one 51 strip or 3 varieties of 17.

We will accept 17 strip orders for shipping weeks 1 (January 4, 2021) through 17 (April 26, 2021). We will not accept 17 cell orders off of our 'at once' availability for immediate shipping. 17 strip orders need to be submitted no later than 10am on Tuesday to ship 2 weeks later, (i.e. An order placed by 10am Tuesday of week 1 would ship week 3.) The last day that we will accept new 17 strip orders is the Tuesday of week 15 (April 13, 2021) for shipping week 17 (April 26, 2021).

2.5" pots are grown 32 pots per tray. All 2.5" material can be ordered as full trays (32 pots/ variety) or half trays (16 pots/ variety). Customer can choose 4 varieties of 8 plants each to make up their own assortments. There is an additional charge for this option (see price pages).

All 4" pots are packed 10 plants per tray and are sold only in full trays of a single variety. All plants are labeled with our custom tag.

Specialty Products: All specialty products are ordered individually.

TAGS

Custom tags are automatically shipped with all orders. They are NOT INCLUDED in the price of cells or 2.5" pots. Tags for cells or 2.5" herbs & scented geraniums are billed at \$0.12 each. If you wish to receive less than 1 tag per plant, or no tags at all, please note this accordingly on your purchase order, otherwise tags will be sent and billed for. All purchased tags will be confirmed as a separate line item. Tags ordered after orders have shipped because customer changes their mind about tags or tags that are returned because they were shipped due to an order not stating 'NO TAGS' will incur a \$15.00 surcharge. Tags for 4" or larger pots & specialty products are INCLUDED in the price of the plant and are NOT confirmed as a separate line item on the confirmation.

Tags are generally shipped separately prior to the plant material. For last minute orders placed off of our 'at once' availability the tags, when possible, will ship with the plants. In some instances, although not our intention, it is possible that the plants may arrive before the tags.

MINIMUMS

We will accept orders for any number of trays. Be sure customers understand the freight ramifications of less than full box orders. There is a \$10.00 surcharge on all orders of less than two full trays of plant material. *For cells: 2 full trays=200 cells; for 2.5" = 64 plants and 4"=20 plants.

SILVERLEAF GREENHOUSES, INC.

SUBSTITUTIONS

Production of all of our listed varieties of plant material is dependent on the availability of quality cuttings and/or seed and successful growth from start to finish. Unless noted on the purchase order, Silverleaf Greenhouses reserves the right to substitute a like variety for a variety that is not available at time of shipping.

AVAILABILITY

SEASONAL AVAILABILITY - See individual programs and varieties for available ship dates.

CURRENT AVAILABILITY - Our 'at once' availability list is posted on our website and updated regularly. Anyone can access this list at any time. This is the best way to see what is available and to learn about our products at the same time. If access to the internet is not convenient, all of our broker/partners have a copy of our availabilities. Or if you would prefer to be sent our availability directly, just call our office and we will gladly add you to our email or fax list.

Order Changes' and 'At Once' orders are accepted until 10:00am the Friday prior to the week they are to ship. This gives us the opportunity to process the order or order change so it can be properly taken care of in the greenhouse and thus ship on time.

**Please be aware that all orders placed off of our 'at once' availability are 'subject to availability at the time of shipment'. We do our best to fill last minute orders completely; however, from time to time discrepancies between what our computer says and what is physically present in the greenhouse may occur.

CLAIMS

All shipping claims against the carrier should be reported immediately to the carrier and to your broker so that the appropriate action can be taken. Please note any physical damage to boxes at time of delivery prior to signing. Shortages and quality issues must be reported to Silverleaf Greenhouses within 72 hours. Pictures are required.

BOXING & PACKAGING

The following charges apply to all boxed orders:

~ Boxing: \$7.00 per box (Dimensions are 22" x 12" x 16", approx weight is 20 lbs)

Each tray of plants is netted and put into its own insert.

~ Additional \$1.50 per box - Hot or Cold packs. We use these depending on the seasonal temperatures.

~ Additional \$3.50 per box - Aluminum insulating wrap + hot or cold packs (for extra summer protection to keep plants from melting and winter protection from extreme cold/freezing.)

You can fill a box in the following ways:

~ 400 cells (4 full 102 cell trays)

~ 64 pots of 2.5" (2 full trays of 2.5" - 32 pots per tray)

~ 200 cells and 32 pots of 2.5" (2 full trays of 102 cells and 1 full tray of 2.5" material)

~ 20 pots of 4" (2 full trays, 10 pots per tray)

It is our intent to be sure that all boxes are full to capacity. However, Silverleaf cannot be held responsible for making sure boxes are full. If you would like full boxes, please refer to the guide above on how to fill a box or see the 'Boxing' tab to view photos on how to make up a full box.

To qualify for FEDEX FREIGHT and LTL delivery you must meet certain minimums and be capable of removing a pallet from the back of a truck. **See Palletized Shipping Program information.

For **GROWER TRUCK** deliveries each CART holds:

Cell trays - 60 trays per cart (30 trays or 1/2 cart minimum per drop).

2.5" pots (32 pots/ tray) - 48 trays per cart (48 tray or 1cart minimum per drop).

4" pots - 56 trays per cart (1 cart minimum per drop).

Specialty Plants - no set quantities, determined on an individual basis.

Pick-me-Up & Go's - 24 per shelf, 96 per cart (1 cart minimum per drop).

*All Silverleaf products can be combined to meet Grower Truck minimums. Orders can also be pooled to meet the drop minimums. There must be enough product going to a region during any given ship week for grower truck delivery. Broker/customer will be notified prior to shipping if the method or ship week needs to be changed.

SHIPPING INFORMATION

All orders are FOB Walden, N.Y. 12586. All shipping methods (except grower truck) are at the customer's risk. During extreme cold or hot weather we reserve the right to add protective packaging, delay shipping and/or upgrade service, at customer's expense.

AIR FREIGHT - due to airport and airline rules & restrictions, we do not offer this option.

SILVERLEAF GREENHOUSES, INC.

FEDEX - We use FedEx Ground to ship all orders (unless otherwise directed) that arrive to the customer's location within 1 or 2 days. For anything that takes more than 2 days by ground, it will be sent by FedEx Express 2nd Day service.

All **Express & Ground** freight charges are billed to the brokers account. Silverleaf Greenhouses Inc., will not be responsible for delays or damages to plants shipped via FedEx Express or FedEx Ground. As we use your broker's account for shipping, please alert your broker to any issues that arise due to FedEx shipping so that they can take the appropriate action.

FEDEX FREIGHT & LTL palletized shipments - Cost and duration depends on ship to location. Customer must have a loading dock or forklift to get the pallet off of the truck. We have secured considerably lower shipping rates using FedEx Freight. Call for a price quote. See Palletized Shipping tab for more information.

CUSTOMER PICK UP - Available Tuesday thru Friday from 10:00-12:00 and 1:00-3:00. Please give 24 hour notice so we can have your order ready when you arrive.

GROWER TRUCK DELIVERY - Silverleaf Greenhouses provides grower truck delivery throughout the Northeast. There must be enough product going to a region during any given ship week. If there is not enough product, Silverleaf reserves the right to change the shipping method at the customer's expense. The broker/customer will be notified prior to shipping if such a change becomes necessary.

Deliveries are available on a regular basis to areas within 100 miles of Walden, NY-- north (to Albany, NY), east (to Hartford, CT.) and south (to New Brunswick, NJ).

GROWER TRUCK DELIVERY CHARGES:

0 to 49 miles	\$1.25 per tray	\$ 45.00 minimum
50 to 99 miles	\$1.75 per tray	\$ 75.00 minimum
100 to 149 miles	\$2.25 per tray	\$120.00 minimum
