E-mail: sales@silverleafgreenhouses.com

Effective Dates

The following pricing and programs are effective for orders shipping week 31 (August 2, 2021) through week 30 (July 25, 2022). We do not ship weeks 51-52 due to the holiday season.

Business Hours:

Monday through Friday 8:00 am to 4:30 pm. Saturday 8:00 am to 12:00 pm during spring season.

Pick-ups: Monday through Friday 10:00 am to 3:00 pm. We are closed from 12:00 pm to 12:30 pm.

Upon Arrival: Please come to our office to check in.

Culture

Silverleaf Greenhouses uses growing methods necessary to keep us environmentally friendly in all our production methods. Our beneficial insect program is now entering its 16th year. This program utilizes a combination of beneficial insects, nematodes, biological fungicides and insecticides. Any chemicals used are compatible with these predatory insects and the growing of herbs and are completely safe for the environment.

Though our growing methods are similar to those who grow organically, our decision not to become certified organic provides us with a spectrum of growing options that enables us to respond quickly and decisively should disease or pest issues arise.

We strongly believe that it is what we do that brings us in tune with nature and our environment, not a label attached to it. Silverleaf Greenhouses is committed to contributing in a responsible manner with respect for the planet and all who inhabit it, while providing quality plant material to our customers.

Early Order Discount (EOD)

Silverleaf Greenhouses offers a 3% EARLY ORDER DISCOUNT on orders received by Friday, November 19, 2021, and applies to orders shipping between week 1 (January 3, 2022) and week 25 (June 20, 2022). Discount applies to plant material only and must total a minimum of \$300.00 of plant material to qualify. At Silverleaf Greenhouses' discretion, EXCESSIVE changes made after the EOD cut off date could result in disqualification of the entire discount on the order. Additions made after November 19th would not qualify for the EOD, but the EOD would remain for the previously ordered plant material.

General Program Information

Price Changes - Prices are subject to change to reflect any increase in manufacturing costs. Seller reserves the right to make any corrections to prices quoted due to clerical errors or errors of omission.

If a **Phytosanitary Certificate** is required for the state that we are shipping to, there is a \$40.00 fee for the inspection certificate.

Cells are grown in a 51 strip tray (102 tray split in 2) with the customer being billed for 50 plants. Please place orders in increments of 50 plants per variety. All cell material is grown in Fertiss plug trays.

17 Cell Strips are available to give customers a chance to try varieties that they would not otherwise have the opportunity to trial. For an upcharge (see price pages) customers can order cells in increments of 17 plants per variety (you are billed for all 17 plants). Three rows of 17 plants equals one 51 strip. Minimum order is one 51 strip or 3 varieties of 17.

We will accept 17 strip orders for shipping weeks 2 (January 10, 2022) through 16 (April 18, 2022). We will not accept 17 cell orders off of our 'at once' availability for immediate shipping. 17 strip orders need to be submitted no later than 10am on Tuesday to ship 2 weeks later, (i.e. An order placed by 10am Tuesday of week 1 would ship week 3.) The last day that we will accept new 17 strip orders is the Tuesday of week 14 (April 5, 2022) for shipping week 16 (April 18, 2022).

2.5" pots are grown 32 pots per tray. All 2.5" material can be ordered as full trays (32 pots/ variety) or half trays (16 pots/ variety). For an upcharge (see price pages) customers can choose 4 varieties of 8 plants each to make up their own assortments.

4" pots are packed 10 plants per tray and are sold only in full trays of a single variety. All plants include our custom tag.

EZ Order Programs are grown and packed in the same manner as the above corresponding sizes. Discounted pricing applies only to EZ order items, customer substitutions are not permitted.

6.5" and 8" herb pots are packed 6 pots per tray and are sold only in full trays of a single variety. All plants include our custom tag. See Large Herb Program page for details.

8" Scented Geranium Stock pots are sold individually, see Scented Geranium program for details.

Specialty Products - All larger items and specialty products are sold individually, see Specialty Program page for details.

P.O. Box 356 - Walkill, NY 12589
Tel: 845-778-7099 - Fax: 845-778-7516
E-mail: sales@silverleafgreenhouses.com

Minimums

We will accept orders for any number of trays. Be sure customers understand the freight ramifications of less than full box orders. There is a \$10.00 surcharge on all orders of less than two full trays of plant material. (**cells**: 2 full trays = 200 cells; **2.5"**: 2 full trays = 64 plants and **4"**: 2 full trays = 20 plants). See next page for boxing guides.

Substitutions

Production of all of our listed varieties of plant material is dependent on the availability of quality cuttings and/or seed and successful growth from start to finish. Unless noted on the purchase order, Silverleaf Greenhouses reserves the right to substitute a similar variety for a variety that is not available at time of shipping.

Tags

Custom tags are automatically shipped with all orders. They are NOT INCLUDED in the price of cells or 2.5" pots. Tags for cells or 2.5" herbs and scented geraniums are billed at \$0.12 each. If you wish to receive less than 1 tag per plant, or no tags at all, please note this accordingly on your purchase order, otherwise tags will be sent and billed for. All purchased tags will be confirmed as a separate line item. Tags ordered after orders have shipped because customer changes their mind about tags or tags that are returned because they were shipped due to an order not stating 'NO TAGS' will incur a \$15.00 surcharge. Tags for 4" or larger pots & specialty products are INCLUDED in the price of the plant and are NOT confirmed as a separate line item on the confirmation.

Tags are generally shipped separately. For last minute orders placed from our 'at once' availability the tags, when possible, will ship with the plants. In some instances, although not our intention, it is possible that the plants may arrive before the tags.

Availability:

Seasonal Availability - See individual programs and varieties for available ship dates. Please pay careful attention to order within the date ranges listed.

Current Availability - 'At Once' orders are accepted until 10:00am the Friday prior to the week they are to ship. This gives us the opportunity to process the order so it can be properly taken care of in the greenhouse and thus ship on time. Our current or 'at once' availability is posted on our website (www.silverleafgreenhouses.com) and updated regularly. This is the best way to see what is available and to learn about our products at the same time. If you would prefer to be sent our availability directly, call our office and we will gladly add you to our email or fax list.

Please be aware that all orders placed from our 'at once' availability are 'subject to availability at the time of shipment'. We do our best to fill last minute orders completely; however, occasional discrepancies between what our computer says and what is physically present in the greenhouse may occur.

Order Changes are accepted until 10:00am the Friday prior to the week they are to ship. This gives us the opportunity to process the change so it can be properly taken care of in the greenhouse and thus ship on time.

Boxing & Packaging

The following charges apply to all boxed orders (subject to change per market pricing):

- Boxing: \$7.00 per box (Dimensions are 22" x 12" x 16", approximate weight is 20 lbs.) – Each tray of plants is netted and put into its own insert.
- Hot or Cold packs: \$1.50 per pack – We use these depending on the seasonal temperatures.
- Aluminum insulating wrap: \$4.00 per box – Used for extra summer protection to keep plants from wilting and extra winter protection from extreme cold/freezing.

A box can be filled in the following ways (with some exceptions due to plant height):

- 400 cells (4 full 102 cell trays)
- 64 pots of 2.5" (2 full 32 pot trays)
- 20 pots of 4" (2 full 10 pot trays)
- 200 cells **and** 32 pots of 2.5" (2 full trays of 102 cells and 1 full tray of 2.5" pots)
- 200 cells **and** 10 pots of 4" (2 full trays of 102 cells and 1 full tray of 4" pots)
- 32 pots of 2.5" **and** 10 pots of 4" (1 full tray of 2.5" pots and 1 full tray of 4" pots)

It is our intent to be sure that all boxes are full to capacity. However, Silverleaf cannot be held responsible for making sure boxes are full.

Shipping Information

All orders are FOB Walden, N.Y. 12586. All shipping methods (except grower truck) are at the customer's risk. During extreme cold or hot weather we reserve the right to add protective packaging, delay shipping and/or upgrade service at customer's expense.

Air Freight - *due to airport and airline rules & restrictions, we do not offer this option.*

P.O. Box 356 - Wallkill, NY 12589
Tel: 845-778-7099 - Fax: 845-778-7516
E-mail: sales@silverleafgreenhouses.com

FedEx - We use FedEx Ground to ship all orders that arrive to the customer's location within 1 or 2 days (unless otherwise directed). For anything that takes more than 2 days by ground, it will be sent by FedEx Express 2nd Day service.

FedEx Ground & Express freight charges are billed to the brokers account. Silverleaf Greenhouses Inc. will not be responsible for delays or damages to plants shipped via FedEx. As we use the broker's account for shipping, please alert your broker to any issues that arise due to FedEx shipping so that they can take the appropriate action.

FedEx Freight & LTL Palletized shipments cost and duration depends on ship to location. Customer must have a loading dock or forklift to get the pallet off the truck. We have secured considerably lower shipping rates using FedEx Freight. Call for a price quote.

To qualify for FEDEX FREIGHT and LTL delivery you must meet certain minimums and be capable of removing a pallet from the back of a truck.

FedEx Claims

All shipping claims against the carrier should be reported immediately to the carrier and to your broker so that the appropriate action can be taken. Please note any physical damage to boxes at time of delivery prior to signing. Shortages and quality issues must be reported to Silverleaf Greenhouses within 72 hours. **Pictures are required.** Please do not refuse shipments from FedEx, doing so forfeits your right to make a claim.

Grower Truck Delivery

For grower truck deliveries each CART holds:

- Cell trays - 60 trays per cart (30 trays or 1/2 cart minimum per drop).
- 2.5" pots (32 pots/ tray) - 48 trays per cart (48 tray or 1 cart minimum per drop).
- 4" pots - 56 trays per cart (1 cart minimum per drop).
- Specialty Plants - no set quantities, determined on an individual basis.

All Silverleaf products can be combined to meet Grower Truck minimums. Orders can also be pooled to meet the drop minimums. There must be enough product going to a region during any given ship week for grower truck delivery. Broker/customer will be notified prior to shipping if the method or ship week needs to be changed.

Warranty

Silverleaf Greenhouses Inc. warrants to the extent of the purchase price that all products, whether from cuttings or seed, are sold true to name and shall conform within recognized tolerances. No further warranty is expressed or implied as to future marketability. Purchaser shall be limited to the invoice value at the time of purchase of any Silverleaf Greenhouses, Inc product as its exclusive remedy to breach of warranty.

If we can assist you in any way, please don't hesitate to contact us via phone, fax or email. Thank you for your support!
